Hair Care Services

We specialize in hair designs customized for the individual. Our permanent wave wraps are dimensionally wrapped to allow for ease of styling, and the wave solution are chosen with your particular hair type and condition in mind.

Ask your stylist about the many color techniques used to create different effects. Varied color and textures are the result of weave highlights. Beautiful shine and gray coverage is easily achieved with either permanent or semi-permanent color. Whatever your hair color needs are, we have the solution.

Our hair service pricing levels are based on customer demand and length of time in this business. All work from each stylist is of excellent quality and is guaranteed.
